

2023 Website Program Description

Heartline

Heartline is designed as a journey of self-discovery offering the opportunity to release limiting illusions, beliefs and judgments that no longer serve you (or hold you back).

Residential Program

\$2,295.00

5 Days + 6 Nights

Prerequisites

[Gateway Experience](#)

[Gateway Voyage](#)

[Gateway Voyage Virtual Retreat](#)

Only one of the prerequisites above is required

Heartline allows you to discover greater avenues of self-exploration and acceptance with the final goal of experiencing unconditional love without fear or limiting beliefs.

In Gateway, you learn that you are more than your physical body. In Heartline, you learn you are more than your personality. By shifting this perspective, you gain new insights into old patterns and habits, perhaps those left over from childhood, that prevent you from moving forward and living life to the fullest.

Your Heartline journey is not about leaving the body as much as it is about including the body as part of a process to discover where energetic blockages from past

experiences are held. It is a journey into heart space where the intelligence and wisdom of your heart are explored to help better serve your total self.

Supporting you on this journey is the energy of Focus Level 18 creating the space and pathway to move into your heart and allow greater access to the center of your being. Described in the Miranon Transcript as the area of the rose color, Focus 18, is the beginning of the ascension point, a vertical movement into the fulcrum of the heart where access to all focus levels, other worlds, realities, and insights is possible.
